

Sponsorship

Dear Corporate Executive,

Your organization has made a significant investment in product development using very powerful technology from Solidworks™. We invite you to improve on your return on that investment by supporting the Colorado Solidworks User Group (COSUG).

Sponsorship may take many forms, such as simply encouraging your employees to participate in COSUG, by providing resources like meeting rooms, or to make a cash donation.

Benefits of sponsorship

- **Good citizenship.** Global competition compels us as a nation to retain our competitive superiority as inventors, innovators, and leaders in product development and manufacturing. This requires expertise in state-of-the art technology. COSUG is dedicated to helping our members sharpen their skills and to stay on top of the game.
- **Recognition.** Your sponsorship of COSUG will be admired by your clients, your employees, and your peers. As a sponsor mentioned on <http://www.cosug.com>, your firm will be advertised to the best in the local Solidworks community.
- **Cost savings.** We charge a fee to firms that make commercial presentations at COSUG events. As a sponsor, your fee may be reduced or even eliminated (see the attached *Sponsorship Program Options*). Additionally, you may post job opportunities at reduced or no cost. Of course, your donation to a non-profit organization may be of consideration in your tax planning. Perhaps the greatest cost benefit is the improved skill and efficiency of your staff who participate in COSUG events and activities.

We sincerely appreciate your support. Please make your check payable to Colorado Solidworks User Group.

Thank you from the COSUG Board of Directors,
 Gerald Davis, President
 Cathy Ross, Treasurer
 Terry Ziemek, Promotions Director
 Steve Ray, Communications Director
 Steve Ellenburg, Presentations Director
 Paul Larsen, Facilities Director
